Independent Events

Try out the Corporate Games

Not sure if the Corporate Games are right for your company? Try them out—one event at a time.

Companies may choose to enter “Independent Events” only rather than a full Corporate Games Team.

This is a great option for very small companies or for companies who are curious about the games.

Or... Add events to your Corporate Games Team

If your company has already selected its allotted number of events, but you still have players who wish to compete—you can add “Independent Events”.

Independent Event points do not count toward the Corporate Cup points and must be designated as “Independent Events” in advance of the Games.

Independent Event Fees

Independent Event costs \$80 per event. Soccer, basketball, softball and volleyball—\$120. Golf, Go-Cart Racing, Trap Shoot and Paintball fees are additional.
